

**LESA - USA**  
Sisterhood - Faith - Justice

## **The General's Corner**

December 31, 2018

My loving and cherished sisters, God has allowed us to live the last hours of 2018 and He will propel us into 2019, without a doubt. For that, I say Thank You Father, for keeping all of us alive in this family. Thank You for Your Mercies that endureth forever. Thank You for Your Grace we do not deserve. On behalf of LESA USA, I lift up my hands in Thanksgiving and Praise unto Our God who sitteth on His Mighty Throne in Heaven. We are nothing without Him and we are conquerors today only because He continues to reign I our midst.

I say Thank You to every single Lesan in this family. I thank you for your dedication, your loyalty, your sacrifices, your generosity, your blessings and most of all your love. We are ONE Body. Each part of this body is vital. Each part is appreciated. Each part is needed for the growth and success of the body of LESA USA. Each Lesan, I recognize

today as a crucial part to the body of LESA USA. Is the head more important than the leg or the hands more important than the feet? No. All parts are important and together allows the body to function efficiently.

In 2018, LESA USA soared to great heights but only because there was a spirit of love and cooperation that spearheaded the functions of this great body. We grew, we gave and gave, we were given and given, we loved, we prayed, we danced, we sang, we cried, we laughed, we got promoted, we faced challenges, but we stayed together.

Tomorrow brings forth a New Year. 2019. What do I have as resolution for 2019 concerning LESA USA Inc.

I can boldly say my resolutions rest in my humble prayers for the association. My prayer for LESA USA for 2019 is a Prayer of Renewal.

I pray for Self-Renewal of each Lesan within this family. I pray that each one of us allows God to search ourselves intimately. That we allow Him to search our hearts and show us what is within us that is not of Him. That we allow Him to rid from us remnants of pain, disappointment, disdain, disillusion, betrayal, deception, unrequited love, shame, guilt, anger, hatred, rejection, envy and all. That He should cleanse our hearts with hissoop (kucha) and create a new heart in us. That He may renew His Spirit in us. (Psalm 139 and 51).

I pray that our individual bodies be renewed physically, spiritually, psychologically, mentally and emotionally.

I pray that our spiritual lives be renewed. That we hearken to God, so He harkens to us. That we spiritually connect even more with each other and our loved ones. Praying together, reading the bible together, worshipping together, walking and speaking in the spirit.

I pray that our loyalty and dedication to LESA USA be renewed. That the joy of one be the joy of all of us and the pain of one be the pain of all of us.

I pray that our growth be renewed. That the Spirit of LESA USA be renewed to welcome even more Lesans into our loving family. That the Spirit of LESA USA be renewed to attain the goals we set, to remain sisters to each other, to fend for our alma mater, to support our communities here and in Cameroon.

I pray that our individual passions and God's Purpose in our lives be renewed so we, as a family will be unstoppable.

Let God renew and enrich our souls, our spirit, our love, our joy, our peace, our presence, our finances, our purpose, our relationships, our connections, our kindness, our compassion for each other and mankind.

Let us be the Light of God on earth so we may testify of God's Power and Grace.

Thank you, my sisters, for your loyalty, dedication, sacrifices and love. May we stay united in love and peace, respecting each other. May God answer my prayers for LESA USA and may He grant us what we all individually desire in our hearts.

Long Live LESA USA!!!

Long Live Our Lady of Lourdes College!!!

Long Live Cameron!!!

Long Live USA!!!

Happy Prosperous New Year to you and your loved ones!!!

Love always,

Your humble servant,

Ansama
